Testimonials:

You guys totally rock. The tooling, stitching, quality of the leather, all of it is really, really great. It's a good feeling knowing those standards still exist. The smell and feel of that great leather are exceptional too.

I purchased one of your small conversion organized purchases about 2 years ago. I'm still using it today, and because it suits my needs so well I've forwarded your website info to many folks around my neighborhood and office and bragged about your products. Hopefully, they've purchased from you.

I so appreciate all your extra time and effort to go the extra mile for my order!! You do beautiful work! Of course, I have known that for many years. Thank you so much for your service.

AL-JAWAD TRADING CORPORATION

IMPACT GLOVES(TPR)

We have chosen to depart from textile-based cuffs and instead chosen TPR (thermoplastic rubber). TPR allows for a more robust fitting of the cuff and allows the cuff to sit better around the wrist. These help you avoid aches and pains from the constant pounding of heavy objects.

CYCLE GLOVES

We have the best set of bike gloves or mitts that keep your hands warm during cold weather and protect your skin from injuries. Our leather bike gloves provide the highest level of comfort and style.

AL-JAWAD TRADING CORPORATION

DRIVER LINED GLOVES

Driver lined gloves are thinner, offer better dexterity, and allow increased hand movement. It provides the flexibility and tactile feel that is necessary for many everyday applications, such as material handling and driving operations.

NAPPA GLOVES

For a smoother touch and improved longevity, the Nappa Leather Gloves at Al-Jawwad Leather are packed with natural oils and wax. In a bright Stetson red, the glove opening features self-matching stitching with hued lining. Outer: Cowhide Leather, Lining: 100% Cotton, Imported.

SEAMLESS GLOVES

Seamless cotton safety gloves for general use in heavy conditions. They are knitted in one piece by a flat knitting machine. The gloves are often coated with solid or foamed latex, nitrile, or polyurethane. Seamless cotton safety gloves for general use in heavy conditions.

INTERLOCK GLOVES

This is the thinnest of cotton gloves made of a tightly woven cotton fabric offering excellent dexterity for light assembly work. Many of these gloves are sold to collectors who don't want their hands to come in contact with the collectibles.

FASHION GLOVES

This is the thinnest of cotton gloves made of a tightly woven cotton fabric offering excellent dexterity for light assembly work. Many of these gloves are sold to collectors who don't want their hands to come in contact with the collectibles.

MITTENS

Unlike gloves, which cover each finger individually, mittens cover your four fingers together, and your thumb separately. Mittens keep your hands warmer than gloves because your fingers share their warmth and expose less surface area to the cold.

DRILL GLOVES

When working with power tools such as drills, it's important that your hands can get the protection and support they need. These gloves are extremely flexible and breathable, allowing maximum dexterity and comfort.

AL-JAWAD TRADING CORPORATION

TERRY GLOVES

The Terry top-line features 100% cotton terry gloves.

The cotton lining absorbs hand perspiration for added comfort. 5-fingers gloves for a better grip of hot objects as well as added dexterity.

Catching air between the terry threads provides the gloves with better thermal insulation. Cotton provides mechanical resistance and insulation with respect to contacting heat.

The cuff helps to protect the forearm from mechanical and thermal hazards.
